PROJECT DETAILS

Page	Grant Manager Comment
Property Details	Throughout this application make sure that the acreages are consistent with each worksite and as a total project acreage.

METRICS

Page	Grant Manager Comment
Acquisition Metrics	Please describe in the notes sections the buildings and other structures that will be demolished or retained and for what purposes.
Development Metrics	Make sure all the identified cost items match up with what ends up in the final evaluation PPT.I added cultural resources and put in numbers that might not be correct but took equivalent amounts from another category so your bottom line is still intact. Please go through your numbers again to make sure they are what you want. also, is it the case that two restrooms are being built?
Overall Project Metrics	Please review this section. I think there is some missing data/answers/narrative.

APPLICATION QUESTIONS

Development Questions	I don't see that you discussed a cabin. I think you need more detail about structures are on the sites . For example ,I thought that there was a cabin on the site, if so please mention it in these questions.

ATTACHMENTS
