Olympia, WA 98504-0917

To Whom It May Concern:

The City of Cosmopolis supports the application of the Port of Grays Harbor for a Boating Facilities Program grant to finance improvements at the Port's 28th Street Landing in Hoquiam, Washington.

Recreational boating access to the lower Chehalis River and Grays Harbor is important for the quality of life of citizens of our area. There are a limited number of these access points in the urban area of Grays Harbor. The 28th Street Facility is centrally-located and serves as a regional facility. Infrastructure improvements, including increasing the number of lanes and boarding floats, parking improvements and installation of a permanent restroom facility, are needed at this aging facility to make it more user-friendly and safer for our boating community.

The City of Cosmopolis strongly encourages funding for this project.

Sincerely,

A handwritten signature in black ink that reads "Vickie L. Raines". The signature is written in a cursive, flowing style.

Vickie L. Raines
Mayor
