## Mud Bay and Fossil Bay, Sucia Island: Salmon Recovery Priorities

### SJC Salmon Recovery Strategic Plan Prioritization (Whitman et al. 2012)

-  Juvenile Chinook Presence Probability-High (Beamer and Fresh 2012)
-  Fish Use By Shoreform-Highest Priority (rearing salmon and forage fish and forage fish spawn habitat factors)
-  Fish Use By Shoreform-Moderate Priority (rearing salmon and forage fish and forage fish habitat factors)
