ATTACHMENTS

Attachments	<ul style="list-style-type: none">• Attached cost estimate: Please revise so that it matches the numbers in PRISM. The funding request, match, and project total are all different.• Attached Area of Potential Effect Map: I revised it to include the section, township, range information. You don't need to do anything. I just wanted to let you know.• Clarifying your intent: in the response to comments in the project proposal and in the attached fund reduction narrative, you indicate that all money will go towards acquisition unless it is insufficient of acquire a property. At that point, the remaining money would go towards design. But that is not how the rest of the application reads. Please revise 1, 5A and 5B of the proposal if that is your intent. Please also revise the PRISM project description.
