PROJECT DETAILS

| Page | Grant Manager Comment |
|---------------------|---|
| Project Description | RCO requires restoration of acquired properties w/i 5 years of acquisition. |

METRICS

| Page | Grant Manager Comment |
|-------------------------|---|
| Acquisition Metrics | Why so much for cultural resources assessment? This acquisition only project doesn't include ground disturbing activities. Add a note of explanation. |
| Worksite Metrics | Would be helpful to add a note that splits out the creek miles by property so if both are not acquired it will be easy to complete the final report metrics. |
| Overall Project Metrics | Consider giving yourself more time to complete the project -- so we can avoid needing a time extension. We can always close the project complete ahead of schedule. This end date only gives you 6 months to complete the work. |

ATTACHMENTS

| Page | Grant Manager Comment |
|-------------|---|
| Attachments | <p>The supplemental questions that don't pertain to the acquisition project can be deleted (no need to track those changes).</p> <p>Acquisition project deliverables exceed those described in the Salmon Proposal and can be found in Manual 3. Additional details are provided on the RCO website "Acquisitions Tool Kit" (link above).</p> |
