HAZARDOUS SUBSTANCES CERTIFICATION

The Washington Department of Fish and Wildlife, as the recipient of funding assistance specified in RCO Project Agreement #14-1100C, entitled Kettle River Access does hereby give assurance that it does not know of and has no reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for remedial action, was released or disposed of, in or at the certain property or properties that are included in the above-referenced Project Agreement. The project sponsor further warrants that it has obtained representations and warranties concerning the environmental condition of the property from the seller and has inspected the property to the scope and extent described in the attached Phase 1 Environmental Site Assessment Report prepared by Budinger & Associates, Inc., dated May 1, 2018.

This particular certification pertains to that certain property known as the Kettle River Access, located in Ferry County, Washington.
